Soon after spending a month in the United States our Ugandan associate, Raphael, has just completed an evangelism conference in South Africa.

He is now relaxing for a brief time in the Kruger National Park after witnessing many new born-again believers in this evangelism meeting. I just spoke with him. He's very enthusiastic about the success of this conference.

In addition he spoke to students at the University of Venda in the city of Thohoyandou in the state of Limpopo in northern South Africa. This too was a very successful encounter.

On May 1 he will be returning to his home in Uganda where he and his team are in the process of planting churches.

Over the past eight years he and his team have planted 21 churches in Uganda. He says that the progress is geometrical, so he expects to have 20 new churches within the next two years in Uganda.

Let us pray for Raphael, his wife Cathy, and his team. Let us pray that his vision will become reality!

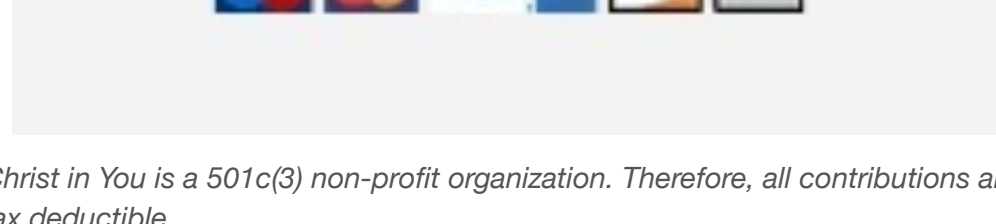

Raphael Has a True Missionary Heart. He Was Served These Nice Juicy Caterpillars. He Said They Tasted like Sausages. "I Didn't Know Worms Can Taste So-o-o-o Good!"

It is very effective for us to help native Christians proclaim the gospel of Jesus Christ. They do not have to learn a new language. They already know the culture. Concepts like furlough and culture shock are unknown to them! We can often support 20 pastors or evangelists who are native to the country for the same price as one missionary from outside their country.

Currently we are assisting our associates in West Africa, East Africa and India.

We need your help!
