Raphael, our evangelist and church planter in Uganda (east Africa), is involved in reaching new villages with the gospel. He shares with us this letter:

Hi Dr.Paul,

I hope you are fine in Jesus. We are fine and trusting God for great things this year.

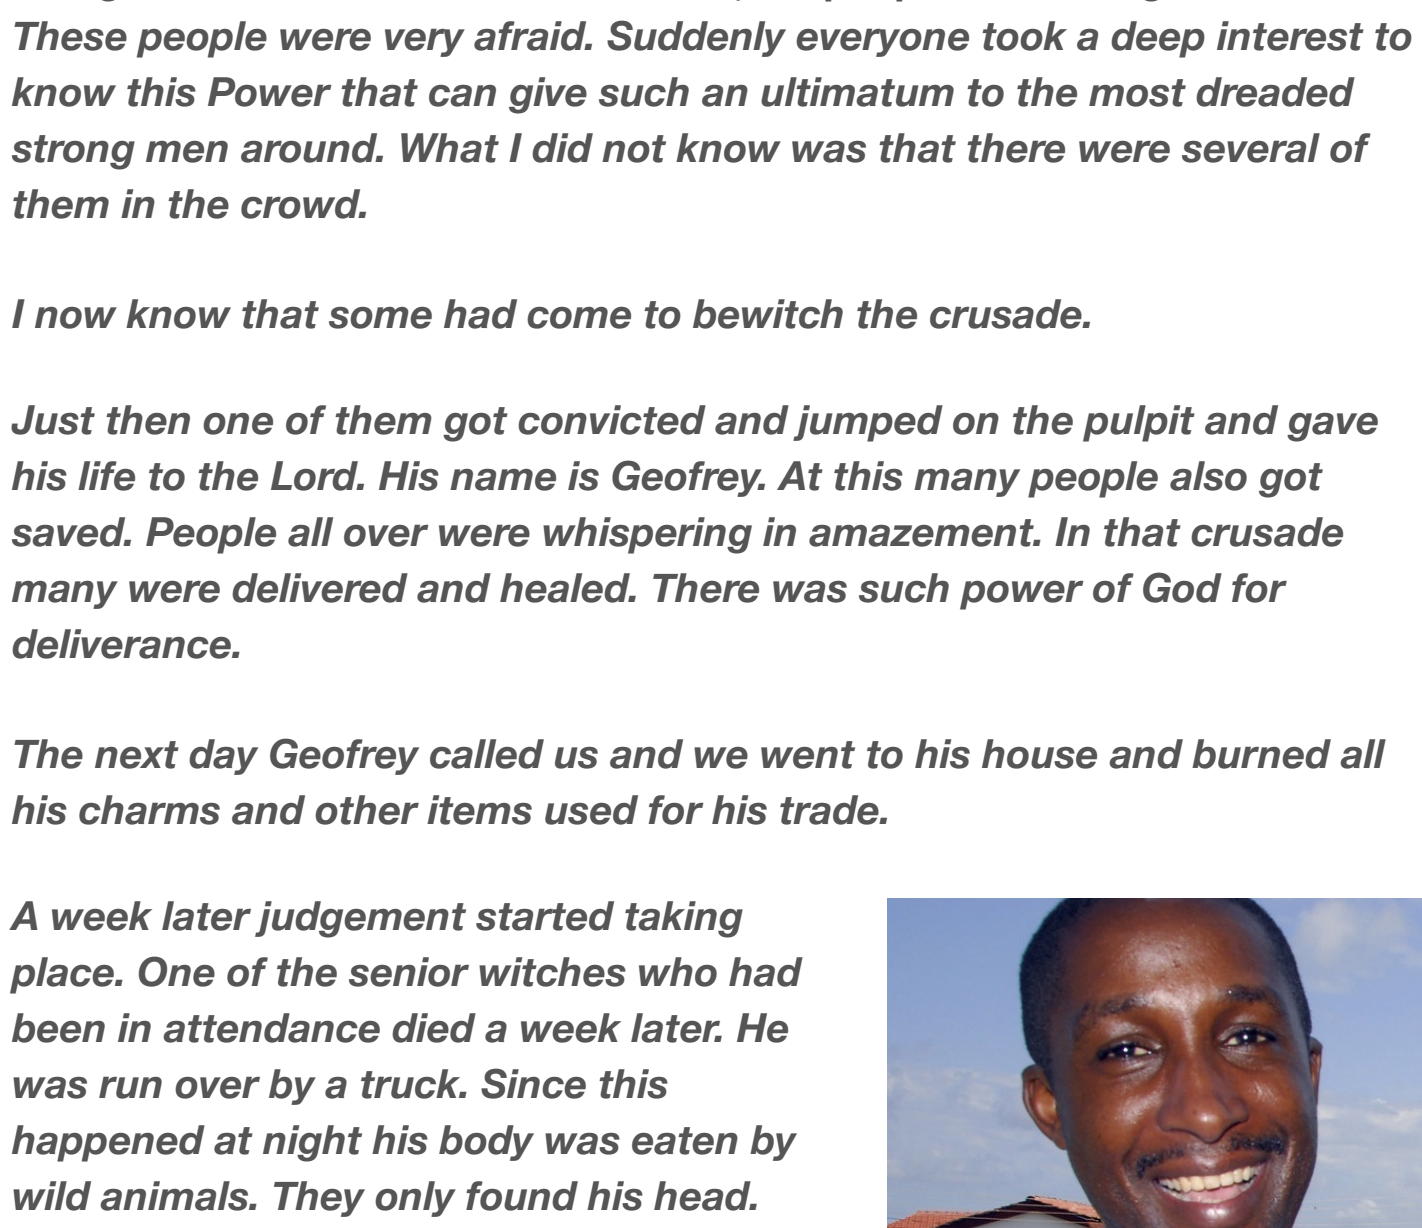

I am in the mission field in Northern Uganda. The man you see me praying for was a former witch doctor. He just got saved in one of our churches where we have seen so many witches and witch doctors getting saved. The boys beside him also got

saved. The town's name is Nanda.

Before our coming to preach in this town it was so full of witchcraft. In fact it is said that many of them were involved in ritual sacrifices and they would sacrifice women and children to demons.

When we came to preach for the first time in Nanda I had just stepped on the pulpit when the Lord spoke to me. What He told me shocked me because I did not know much about the area and also I rarely preach such judgement. I was just obeying the Lord.

The Lord said, "Tell the witch doctors of this place to do one of three things: Get saved, shift from this town or they will die. When I said this, it brought a hushed silence across the 3,000 people who had gathered. These people were very afraid. Suddenly everyone took a deep interest to know this Power that can give such an ultimatum to the most dreaded strong men around. What I did not know was that there were several of them in the crowd.

I now know that some had come to bewitch the crusade.

Just then one of them got convicted and jumped on the pulpit and gave his life to the Lord. His name is Geoffrey. At this many people also got saved. People all over were whispering in amazement. In that crusade many were delivered and healed. There was such power of God for deliverance.

The next day Geoffrey called us and we went to his house and burned all his charms and other items used for his trade.

A week later judgement started taking place. One of the senior witches who had been in attendance died a week later. He was run over by a truck. Since this happened at night his body was eaten by wild animals. They only found his head. Immediately our local pastor called me to let me know what happened.

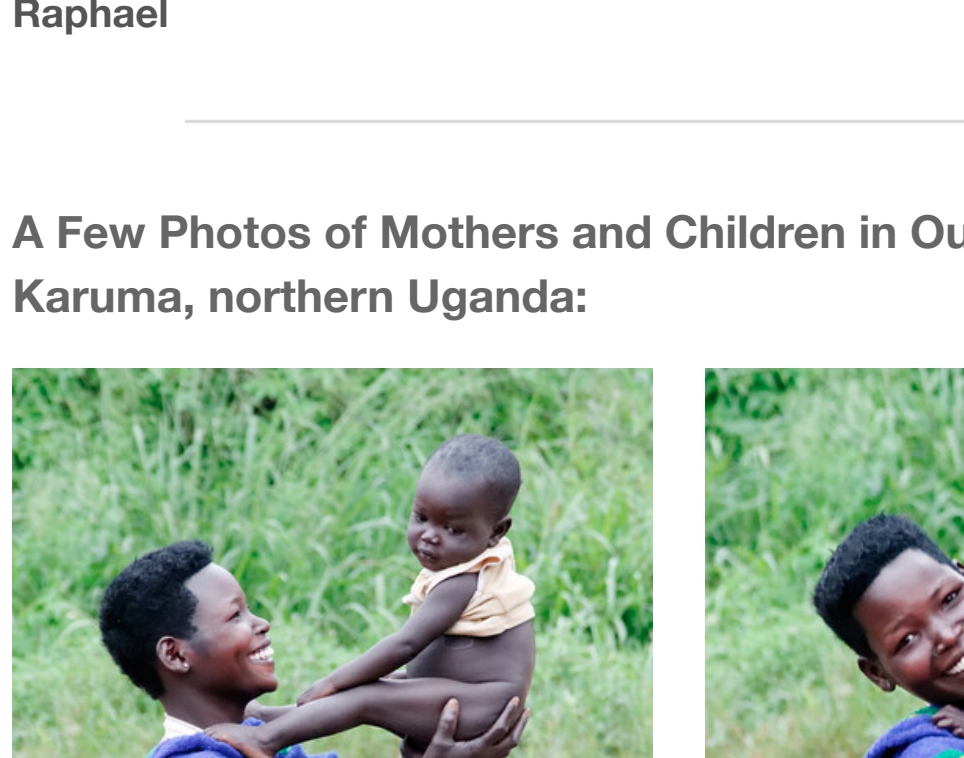

Raphael

Since then some have left and others have gone to interview. On Saturday I am going to interview one of the strongest of them in Nanda who is among them that got saved with his entire household. He gave his life to the Lord after being found dead for over a day then he resurrected. When he did so he called our pastor who burned over two boxes of charms.

God is doing great things.

Today as you can see we were in a village called Chongolima in one of our village churches. We have just arrived in another village called Kololo where we intend to spend tomorrow preaching.

Raphael

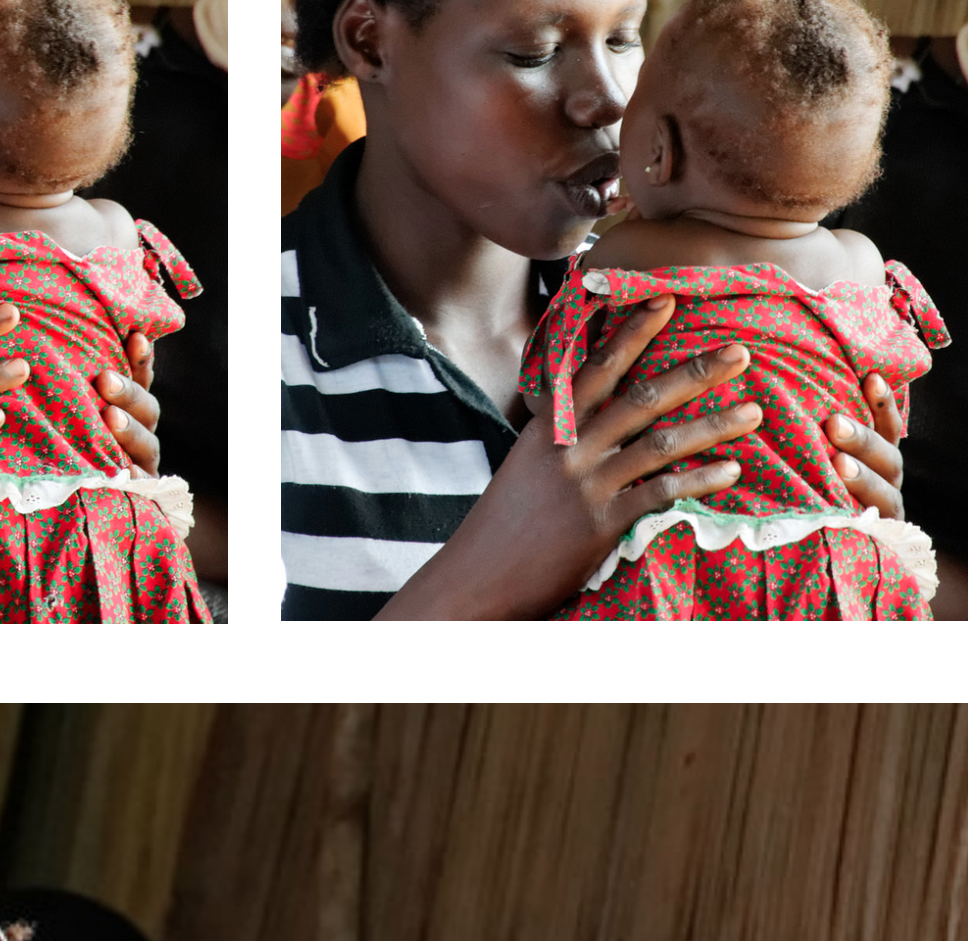

Since sending us the preceding letter Raphael has given us an update:

Hi Dr Paul,

I hope you are fine. I just thought of you a few photos of the recent crusade in the villages of Chongolima and Kololo.

God is doing a great work. We have request to plant other churches. And for the moment we are just laying strategies. Some of the people who have been discipling have started planting churches. Now we are reaping the fruit of nurturing leaders.

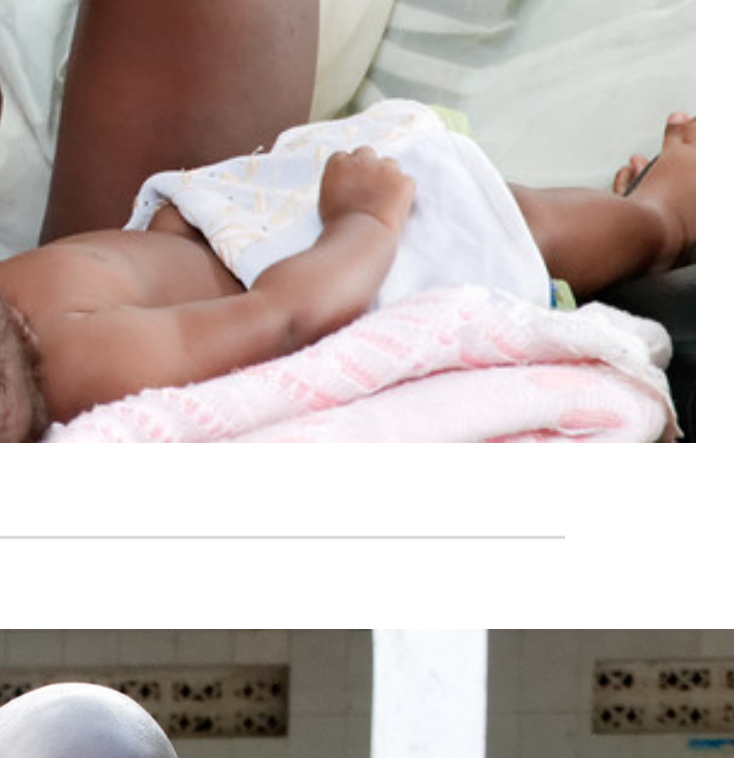

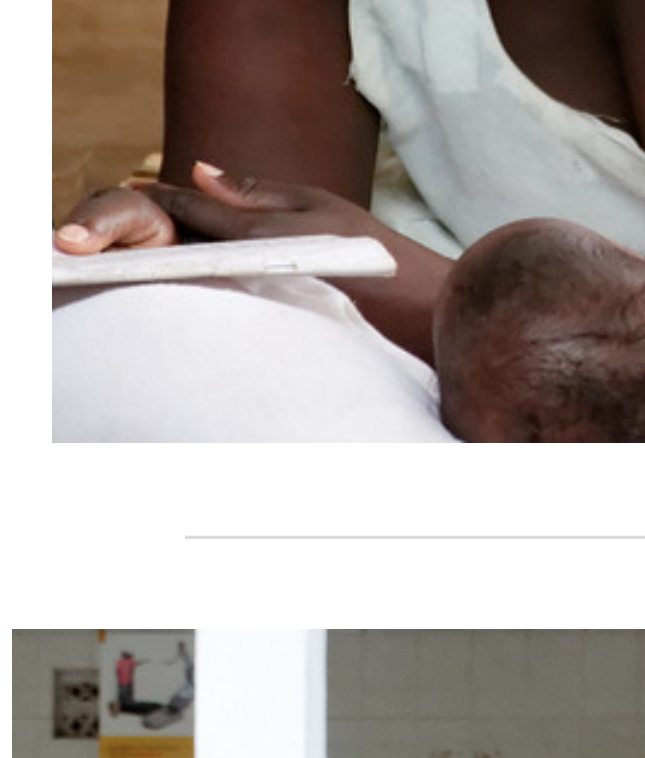

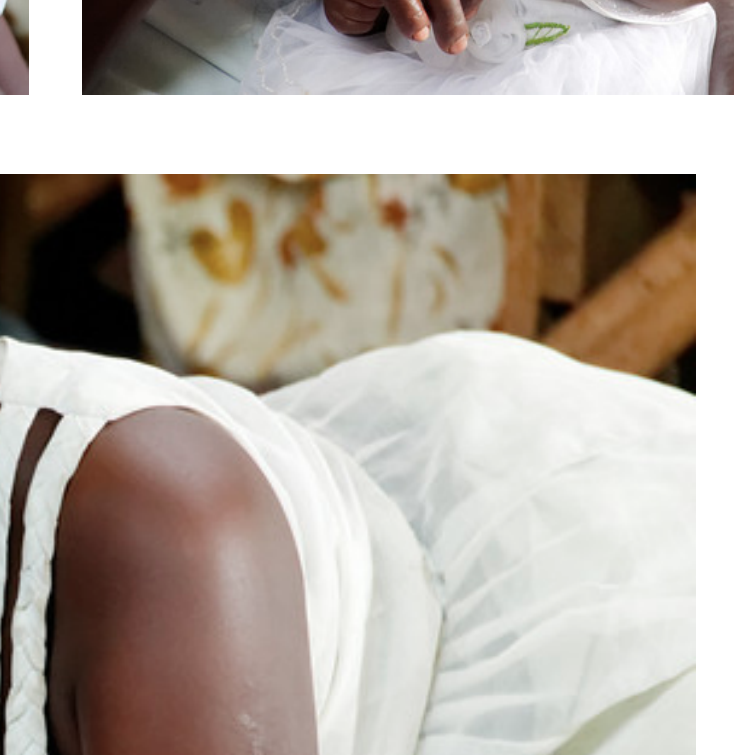

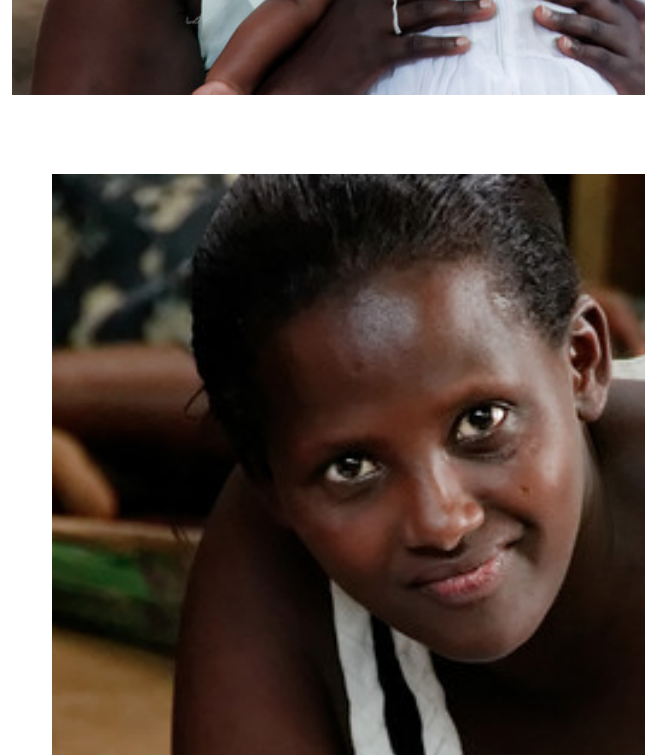

I told you over the phone and I can now confirm that we have three new congregations on the eastern side of Uganda planted by one of our brothers from one of our congregations in a place called Nanda.

They are still waiting for me to go commission the churches. Shortly I will be there.

Raphael

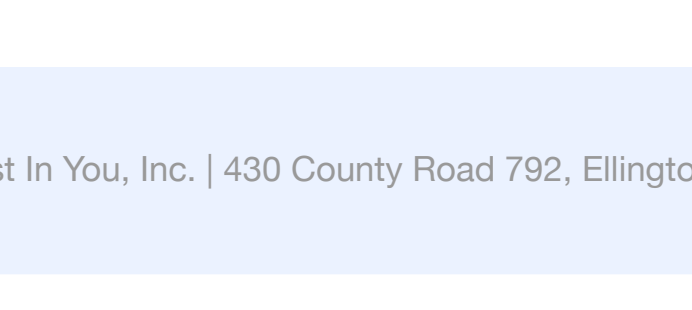

A Few Photos of Mothers and Children in Our Growing Church in Karuma, northern Uganda:

It is very effective for us to help native Christians proclaim the gospel of Jesus Christ. They do not have to learn a new language. They already know the culture. Concepts like furlough and culture shock are unknown to them! We can often support 20 pastors or evangelists who are native to the country for the same price as one "missionary" from outside their country.

Currently we are assisting our associates in West Africa, East Africa and India.

We need your help!
