

Christ In You

Church Growth in Uganda

Raphael, His Wife Cathy, And Two of His Four Children. Taken in October 2011 At the Source of the Nile River. As You Can Imagine, the Children Are Much Taller Now.

You can read previous newsletters [here](#) and [here](#) and [here](#) of amazing works of evangelism and church planting in Uganda.

Through the efforts of our associate Raphael and his team, the new churches in Uganda are being spiritually strengthened and growing numerically.

This past week is no exception. I just received this letter from Raphael. He gives us a report as well as photographs that he took this past week:

Hi Dr Paul,

Thank you for your mail. We just returned from a mission to Northern Uganda. It was such a powerful mission. We visited two of our churches, one very recently started – Katulikire.

God was so gracious to us. We saw many people touched by God. In many ways. We ministered mainly about prayer.

In one very special meeting we had an almost Pentecost experience in which we saw the Holy Spirit of God fall upon the entire congregation and everyone experience a baptism of the Holy Spirit.

We saw the new believers speak in tongues for so long enjoying the presence of God in so much that the pastors from the neighboring churches marveled.

I did send you the clips of the different pastors giving thanks for their piece of land that you helped buy them. May the Lord reward you exceedingly. I was able to get 3 of the six pastors since they come from different regions. But their overseer is seen thanking on the behalf of the three who were absent. But at the earliest, maybe by end month, when I get them I will ask them to testify.

Raphael

Village pastors live by faith with no secure source of income. They can help support themselves by growing a garden. This helps feed the pastor's family and enables them to sell some of the vegetables.

\$400 will buy a plot of land to help sustain a pastor and his family. Would you be able to buy a plot for a pastor?

By God's grace we have already donated \$400 to six different pastors. They've given us video clips of thanks:

Pastor Akobalinga

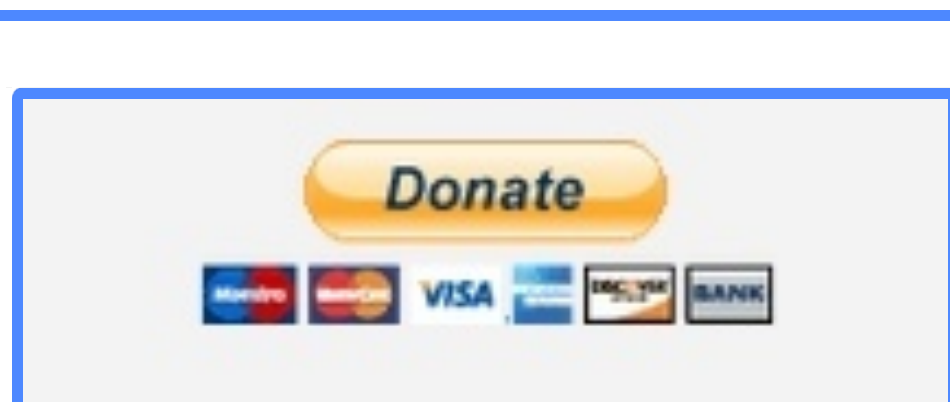

Pastor Francis

We have a need to help 10 additional pastors with \$400 for each pastor. The old proverb says, "It's better to teach a person to fish rather than keep giving him fish." This is sort of the concept here. Though we want to stand ready to help these pastors of new and growing churches, a donation of \$400 will go a long way in making them self-sufficient.

The \$400 buys a plot of land which in turn becomes a small farm which in turn supports the pastor and his family through produce for their own use and through the sale of vegetables.

If you could help out and commit to \$400 to help the pastor it would be a real blessing and go long way toward both planting seeds and harvesting in the kingdom of God.
