

Uganda, India and Romania

Let us spread hope in every corner of the world. It takes passion for the world. All because of your ongoing support of this ministry!

UGANDA

Our minister in Uganda, pastor and evangelist Happest, has planted several churches in nearly every region throughout Uganda. Over two years ago he also started a church in the capital of Kampala where he pastor himself.

According to Wikipedia the country of Uganda is the youngest country in the world! 70% of the population in Uganda is under age 15. This reflects the church in Kampala. Though the church loves the Lord and is dedicated to the Kingdom, because of their youth they do not have a great deal of financial resources.

Church in Kampala, Uganda

Earlier this week Happest sent me the following report:

Today we are traveling to Gulu in Northern Uganda. We go to commission new ministries this weekend.

It's amazing how the ministry is growing. Many people from our churches, especially of local churches, when they travel back to their villages, start ministries.

In those fellowships are the ones that grow into churches. This is important to the people who start Gulu as they growing in order towards their families and community.

After this we spent another 48 hrs in Kampala district to commission a second church. This church is under 1 yr.

Prayer for us:

We had been sick in the last week here in the South. Partners came to help.

INDIA

Our minister in India, pastor and evangelist Suresh Nayak, has helped churches in "building work" in his region of India in southern hills. There are only a couple of churches in the area so he tried to be the first and then there an opportunity to have the Word of God.

Suresh sends along a testimony from Pastor Raghav of Prayaga.

In the morning of our first meeting event and day church. Suresh minister called me telling me that the Indian had signed, knowing the event's time was around 10:00 AM. At the preparation for the meeting, my wife asked me to cancel the meeting or postpone it due to the time of day. I went to cancel the meeting. I called the family and asked them to pray.

As they were praying the pastor's wife poured a few drops of water into his mouth and he began to speak. The man started talking the water and sat on the floor. There were about 100 people.

For two days he attended our meeting event and then gave his life to Christ after the end of the meeting he went to his ancestral home to live with others.

Prayer for India:

ROMANIA

After communicating with Susan Bailey, a young pastor in Romania, Christ in You was able to help with a new church building for one of its member churches.

For the past 10 years the young man has been the pastor of their Baptist churches in the Maramureș area. Sighet, Maramureș, Sighet, Sighet and Cluj-Napoca. This is very close to the border of Ukraine.

One has shared with us some of his report work:

Prayer for the Lord!

I have a great joy in the church because God gives us another baptism. Christ in You was in Sighet, Romania, a small church with only 10 members. I have 10 members in the church.

I told you about those two when we talked on the phone. They were converted and started services. They are baptized with water and Holy Spirit. Now they are baptized and serve with us in the Lord about Christ.

I attached a picture with one and Lazar and Marius.

Our sister about 1000 was in 10 minutes when we started our ministry. Sighet, Romania has been a Baptist Fellowship of Baptist Churches that we serve. Our sister was called "The Church of the Lord" and was very helpful. More details about this event [Link]

Thanks for your partnership.

It is good to know that you care about my ministry and family.

Prayer for Romania:

It is very effective for us to help native Christians provide the greatest of Jesus Christ. They do not have to leave their homes. They show their love for the culture. Christ in You and Christ in You are welcome to them. The last support of the pastor in Romania who are welcome to the church. The last support of the pastor in Romania who are welcome to the church.

Currently we are working our resources in their Africa, East Africa and India.

Thanks for your help!
